KINVER HIGH STREET

(Acknowledgements to Len Dunn, 35 High Street)

FOREWORD

Twenty five years ago, in 1953, the then Chairman of Kinver Parish Council, Mr. Carl Thompson wrote "our young Queen has already dedicated her life to the service of God and her fellow men" and he called "upon each one of us to support her in this stern resolution."

What tremendous changes there have been for mankind in the past 25 years. Man on the Moon, the emergence of so many new African States, Nuclear Power, North Sea Oil; yet against this backcloth of political and technological upheaval, there has remained the stability of the British Monarchy.

How grateful we are that we who need stability in our lives can celebrate Her Majesty's Silver Jubilee Year and, at the same time, recognise the advances made in our own Kinver community. Three new schools, Infants, Junior and Comprehensive. The addition of 20th Century architecture in St. Peter's Kinver Church, which may now have the chance of standing for another 900 years. The wonderful restoration of the Old Grammar School. The building of a new Community Centre and Playing Fields, the list seems endless, yet stability remains even in our small village. The three churches not only survive but are thriving. So many of the fine old business names remain in the High Street. The Kinver Edge National Trust not only remains, but has extended its territory by over 40 acres. The Sterrymere, the Stag Meadows, the Hyde Meadows are still there, and so is the Stour River, and it is reported that a fish was caught in it this year!

Let us all look forward with confidence to the next 25 years, and work to the end that progress, along with stability, may be as fruitful as the last 25 years. In such work we can continue to show practically our deepest loyalty and affection to our gracious and well-loved Queen Elizabeth II whose Jubilee we celebrate

Frank C. Thompson

Chairman
Kinver Parish Council

THE PROGRAMME

Street and House Decorations

Your Silver Jubilee Committee are endeavouring to brighten
Kinver by various means, such as Decorations, etc., and in doing
this we do need your support.

We therefore ask you most sincerely, to do all you can, and hang
out as many Flags, Pennants, Bunting and such-like as is humanly
possible, and make it a *real celebration*.

Monday Evening, June 6th LIGHTING OF THE BEACON Kinver Edge

Scouts throughout the United Kingdom will be building beacons in honour of the joyful occasion, so on Silver Jubilee night they will blaze across the land as they did in the days of Elizabeth the First to signal the approach of the Spanish Armada, and in 1953 to herald the Queen's Coronation.

H.M. the Queen will set the chain going by lighting the first in Windsor at approximately 10.00 p.m., followed at intervals from beacon point to beacon point until this chain is complete.
